U.S. PUBLIC OPINION ANTI-JAPAN

LONDON, June 20 (Reuter).—The New York correspondent of the "Manchester Guardian" says that the China situation is by far the leading subject of public attention in the United States.

The Americans feel that the Japanese pressure on Great Britain is really intended to affect all members of the white race in East Asia. Public opinion in the United States has hardened enormously against Japan in the past few months.

Widespread enquiries a year ago showed that the majority of Americans were reluctant to impose an embargo on trade with Japan. Similar enquiries, just completed, show that the reverse is now true.

WHERE SWING DANCING IS BANNED

Another Version Of Degenerate Art

HAMBURG, June 20 (Trans-ocean).—Proprietors of eating establishments and dancing halls in St. Pauli, renowned entertainment district, have decided to ban all so-called swing dances. The introduction of "swing" in a number of dancing establishments in St. Pauli had given rise, not only to a good deal of unfavourable comment, but in some places to wild scenes of protest.

Proprietors formed a commission to investigate the matter and to get out a report. When members of the commission had made a tour of the dancing halls they reported that swing was undesirable as it was another version of a degenerate art. It demanded of couples "bent knees, crooked spines and a look of suffering."

FAR EAST NOT INCLUDED IN SOVIET TALKS

LONDON, June 20 (Reuter).—Reports that the Far East was included in the talks between Mr. William Strang, the Foreign Office expert, and M. Molotov, Soviet Foreign Commissar, are declared to be entirely untrue in official circles in London where it is emphasized that the talks are proceeding on a strictly European basis.

Imperial Airways' New Giant Flying-Boat Is Destroyed By Fire

LONDON, JUNE 20 (REUTER).—IMPERIAL AIRWAYS' FLYING-BOAT CONNEMARA, one of the new flying-boats assigned to the North Atlantic air-mail route, was destroyed by fire at Hythe yesterday.

The six men on board jumped off. Four of them escaped unhurt and one was injured, but the sixth is missing.

Transocean adds that according to first investigation of the disaster an explosion occurred while the boat was taking fuel.

The Connemara was shortly to be used on the trans-Atlantic air service. Imperial Airways, says a Reuter message from London, state that the replacement for the flying-boat for the Atlantic Fleet is already under construction and will be ready for service in the summer. Consequently, the loss of the Connemara is not likely to delay the start of the North Atlantic service.

UNITED STATES CONCERNED WITH THE BROADER ASPECTS OF DEVELOPMENTS IN TIENTSIN; MR. HULL'S STATEMENT "TIMELY, DIRECT"

MR. CORDELL HULL

Princesses Will Join Royal Liner

LONDON, June 20 (HWS).—The Empress of Britain, which is now in smoother water and is maintaining a steady 18 to 20 knots, is expected to reach Needles, Isle of Wight, at 12.30 on Thursday.

Princess Elizabeth and Princess Margaret are to join the Royal liner in the Solent from the Royal barge and will accompany the King and Queen to Southampton in the liner. Naval motor torpedo boats will escort their Majesties up the Southampton water.

Members of both Houses of Parliament, the session of which will be suspended, will assemble in the reserved space in Parliament Square to join in the public welcome as the King and Queen pass on their drive from Waterloo Station to Buckingham Palace on Thursday evening.

INTERFERENCE WITH H.M.S. SCARAB

SHANGHAI, June 20 (Reuter).—Japanese allegations that men of H.M.S. Scarab pointed machine-guns at the Japanese are categorically denied by the British naval authorities here. Moreover, it is added, not only have the British naval authorities not yet received the protest alleged to have been addressed to them, but they themselves have protested against the unwarranted interference by the Japanese with British gunboat Scarab legally attempting to land supplies for the use of the British navy ashore.

A sequel to the subsidy for shipping granted by the British Government is an order placed for 150 cargo ships totalling 3,250,000 tons. —(Reuter).

Japan Putting To Test America's Degree Of Passivity, Say "Figaro"

NEW YORK, JUNE 20 (REUTER).—THE U.S. SECRETARY OF STATE, MR. CORDELL HULL'S STATEMENT THAT THE UNITED STATES IS CONCERNED WITH THE BROADER ASPECTS OF THE DEVELOPMENTS IN TIENTSIN IS DECLARED BY THE "NEW YORK TIMES" TO BE "AS TIMELY AS IT IS DIRECT."

The paper continues that on the initiative of the Japanese themselves an unimportant incident was deliberately made an occasion for a direct challenge to the whole structure of British treaty rights in China.

The paper adds, "As a nation having our own treaties with China we are bound to be concerned with the method and objective of the Japanese attack and with the implications it holds for us."

TRUE SIGNIFICANCE TO AFFAIR

PARIS, June 20 (Reuter).—The attitude of the United States in Tientsin affairs is widely discussed in the press some papers declaring that America holds the balance there.

"Figaro" considers that the big service that Japan is rendering the Axis is putting to the test the degree of passivity of the United States in that part of the world where the Americans are directly interested.

JAPANESE CABINET MEETING:

Tientsin Situation Being Considered In Conjunction With The Developments In Europe

TOKYO, June 20 (Reuter).—The situation in Tientsin is being considered by the Japanese Government in conjunction with the developments in Europe.

The Cabinet met this morning prior to which the Prime Minister (Baron Hirohuma), Foreign Minister (Mr. H. Arita) and War Minister (General Itagaki) discussed the international situation with particular reference to Tientsin.

REAL OBJECTIVE OF JAPANESE MILITARISTS

Valuable Trade Secrets

LONDON, June 20 (Reuter).—Tientsin continues to be the big feature in all newspapers accompanied by special articles dealing with every phase of the crisis.

Hessel Tiltman, writing in the "News-Chronicle," emphasizes the wealth of the British Concessions. Its wharves, warehouses and valuable trade secrets are the real objective of the Japanese militarists. "Until the Concessions belong to the Japanese they cannot claim North China as part of the Japanese empire," adds the writer.

Reprisals Danger. Vernon Bartlett, in the "News-Chronicle," stresses that the danger of reprisals against Japan would expose the Tientsin residents to some violent reaction by the Japanese Northern Army, "but it would be a mistake to confuse the resulting hesitation with readiness to surrender to Japan on the larger question of respective interests in the Far East."

"The effect of Japanese intransigence is to increase the British desire to help the Chinese and will probably facilitate the long-awaited Anglo-Soviet pact."

Australia's Position

TRADE AGREEMENT WITH JAPAN

SYDNEY, June 20 (Reuter).—Australia is following the Tientsin situation all the more closely because Canberra is negotiating for a short term trade agreement with Japan which last year bought nearly \$8,000,000 worth of Australian goods.

Nevertheless, the "Sydney Morning Herald" expresses the opinion that Australia must support economic reprisals if they are necessary. No part of the Empire will be more formidably affected than Australia by the destruction of Britain's position in the Far East.

STOLEN MOTOR CAR TRACED

European Police Officer Injured

Lance-Sgt. Rothwell, in a report, stated that on information received that private car No. 3378 had been stolen from Chatham Road, he traced the car with an S. D. van and tried to stop the stolen vehicle.

He drove to the junction of Ma Tau Wai Road and Pak Tai Street where he overtook and boarded the private car in which were two Chinese males. They still refused to stop and drove the car into a lamp post, throwing the police officer into the roadway. He sustained minor injuries. The two Chinese escaped.

BRITONS ARE SUBJECTED TO DISCRIMINATION

TOKYO, June 20 (Reuter).—A call which the British Ambassador, Sir Robert Craigie, made on the Foreign Minister to-day lasted for fifteen minutes.

According to Japanese sources, Sir Robert requested equal treatment for British residents with other foreign nationals and declared that Britons were subjected to discrimination by the Japanese authorities.

The British Ambassador also complained of the difficulties of obtaining daily necessities in Tientsin and urged relaxation of the Japanese examination of and search of goods transported into the British Concession.

CHINA WAR NEWS:

CHINESE PUSHING BACK JAPANESE IN S. SHANSI: BIG ATTACK IN HONAN

SIAN, June 20 (Central).—Following their recapture of Pinglu and Tachenstun, Chinese forces in South Shansi are steadily pushing back the Japanese to Changtientshen, south of Hsiangshien.

To cover their retreat the Japanese set fire to the villages on the way.

Chinese units a few days ago attacked the remnant Japanese to the north-east of Maotaihu.

Important Yellow River crossing east of Pinglu, and forced them to flee in a westerly direction. Yientisun, strategic point in the vicinity, was retaken.

Foreboding fresh Japanese attempts to push southwards, large numbers of Japanese reinforcements are reported to have arrived in Wensai and Hsiangshien. The number of Japanese troops in Wensai has been increased to over 4,000 while that in Hsiangshien to 3,000.

Transportation Of Troops. Japanese motor lorries have been busily transporting troops

and supplies between Hoti and Wensai.

A Japanese "mopping up" campaign in the hilly regions near Fencheng met with reverses recently when Chinese units, lying in ambush at strategic points, subjected the invaders to intense cross fire.

Japanese westward thrusts from Fencheng and Heilungkuang, north-west of Linfen, in the past few days have been repelled by the Chinese.

Attack In Honan

LOYANG, June 20 (Central).—The hull on the North Honan front was broken last Friday night when Chinese units, under the cover of artillery fire, attacked the Japanese at a point about 12 1/2 miles north-west of Tsinyang, south-west of Po Ai.

Many Japanese were killed, while the Japanese ammunition depot there was completely destroyed.

Offensive Repulsed

KINHWAI, June 20 (Central).—About 800 Japanese launching an offensive on the Chinese north of Chungking in northern Chekiang, last Friday, have been repulsed by the Chinese.

Guerilla Raids

CHANGSHA, June 20 (Central).—The Chinese have staged 12 raids on the Japanese on the Nanching-Shennung highway in South Hupoh since June 15, resulting in the destruction of 15 Japanese motor vehicles, many wires and sections of the highway and the seizure of a quantity of military supplies.

During an attack against the Japanese west of Feikang, near Tungcheng, on the night of June 17, the Chinese killed over 100 Japanese and seized one machine gun and eight rifles.

Chinese guerrillas have also been active around Taolin, Matang and Yoyang, in North Hunan.

DAVIS CUP

SHOULD HARE HAVE PLAYED?

BRITAIN'S SORRY BERLIN SHOWING

(BY A CORRESPONDENT)

BERLIN, June 4.—Another British Davis Cup team went down before Germany on the inexorable centre-court of the Rot-Weiss Club in Berlin to-day, and what a miserable tumbling of hopes we have had.

It always was a fight against a heavy odds, but with C. E. Hare injured—and he was the main spring of the side—it was never a fight at all, and, at the suspended moment of history, how the many British visitors must have wished that the place and manner of the defeat could have been different.

The end came abruptly this afternoon with the doubles, in which L. Shaff had to take Hare's place; Germany won both singles yesterday and so, without losing a set, take their place in the European final for a fifth year running.

When Hare, on the eve of the match, was crippled by a strained back muscle, it seemed unwise at first sight that he should have come out at all against R. Menzel in the opening single, since he could hardly move about and had to retire after two pitiful sets. So much comment has been made on the fact that a substitute was not played that it may be as well to state the position clearly.

Had this course been followed Hare would have been out of the contest for good and all, and the British captain had medical opinion for supposing that the trouble might quickly yield to treatment.

He was assured, indeed, that an injection before the match would kill the pain for an hour, and though it was very evident that it did not, the situation,

JOHN HENRY LEWIS' FIGHTING OVER

WASHINGTON, June 20 (Reuter).—The National Boxing Association of America declared that the World's Cruiserweight title is vacant and also turned down the suggestion that the champion, John Henry Lewis, should be permitted to continue fighting.

This decision was made following an examination by three doctors, who found that the vision of his left eye was impaired by cataract.

Speed, Speed, And Yet More Speed

While thousands gaze daily at the fastest car on earth, Capt. George Eyston's "Thunderbolt" in the British Pavilion at New York World's Fair, a challenge is being secretly prepared by a fellow Briton in a small engineering shop at Byfleet, in the quiet countryside of the South of England.

New Challenger

It is the car with which John Cobb, London tur-broker and racing motorist in his spare time, will challenge the 357.5 miles an hour world record set up by Eyston in September, 1938, just 24 hours after Cobb, the first man to exceed 350 m.p.h., had beaten the previous record.

Cobb told a reporter that he believes British engineers will ultimately build a car which will enable men to travel seven miles a minute, 420 miles an hour, the equivalent of the distance between London and Edinburgh, in 36 minutes.

The car he will take to Bonneville Salt Flats, Utah, U.S.A. next August will be a David to Eyston's Goliath. It will weigh

MR. A. KORDA AND GOLDWYN DEAL

"Quite impossible" was Alexander Korda's comment on the Hollywood report that Samuel Goldwyn has acquired the holdings of Mary Pickford, Douglas Fairbanks and Charles Chaplin, valued at \$400,000 each, in the United Artists Corporation.

The constitution of the corporation, Mr. Korda pointed out, requires the consent of all the producer-members before shares can be transferred.

Mr. Korda, as one of the partners, would have to be consulted; and even then, so complicated are the corporation's articles, many weeks would elapse before such a deal could be completed.

Mr. Korda added that so far as he knew Miss Pickford, Mr. Fairbanks and Mr. Chaplin, though disposed to sell some two years ago, had no desire to do so now.

Mr. Korda suggested that Mr. Goldwyn might have acquired the United Artists Studios and that this might have given rise to the other report.

NEW FILM AT THE CATHAY

The "News of the Day" film, which is distributed by M-G-M in China, is due to arrive in the Colony by Clipper to-day at 2.30 p.m.

The film will be screened at the Cathay Theatre from 5 p.m. onwards, with performances every half-hour until 11 p.m.

There will further exhibitions of this film to-morrow (Thursday) from 2.30 p.m. to 11 p.m.

RITZ HUMOUR

Add the Ritz Brothers to your list of superstitious stars. One of their new scenes for "The Gorilla" called for them to fall down a flight of stairs, and they were willing enough until Al Ritz discovered there were 13 steps.

"Nothing doing!" they chorused—and held up production for half-an-hour while carpenters constructed a false landing that lopped off the bottom step.

And here's the laugh: In the first take Harry misjudged his tumble, strained his wrist and scraped his knee. Asked if he was hurt, "Not much," he said, after a check-up. "But if there's been 13 steps there, I'd broken my neck sure!"

The Far Eastern situation in the light of latest events was discussed by Mr. Joseph Clark, Crows Ambassador to Japan now visiting Washington, and State Secretary Cordell Hull, Assistant State Secretary Sumner Welles, and other State Department officials.

MICKEY ROONEY AS DIRECTOR

Mickey Rooney will become the youngest director in motion pictures when production starts on "Babes in Arms" in which he appears with Judy Garland.

Mickey, whose secret ambition is to direct, will be granted the privilege by Busby Berkeley, who notified the young star that he had been named co-director of the picture in which all the performers will be children.

Berkeley told Mickey of his appointment long enough in advance so he could start thinking up novel angles for the show. Rooney went to work immediately and sat in on auditions for young talent.

"Babes in Arms" will offer Mickey an opportunity to run the gamut of his own entertainment talents. Not only will he play the leading role opposite Judy, but he will sing, play the piano and dance in the forthcoming Metro-Goldwyn-Mayer picture.

Menu - Poisoned Glass

Thirteen extras and stunt men received first aid treatment for stomach aches during the filming of a saloon brawl sequence for "Dodge City" at Warner Bros.

As part of the action several stunt men were hurled through the windows of the saloon. Ordinarily, "breakaway" or easily-shattered windows for such brawls are made of rock candy. But Warner Bros. technicians had developed a new type of "breakaway" glass. Resin was its principal ingredient.

Soon after the first scene had been photographed by Director Mike Curtis several of the stunt men and extras complained of stomach aches. Questioning at the studio hospital disclosed the cause of their ailment.

They had eaten the resinous glass, thinking it was rock candy as usual.

HOLLYWOOD'S UNSUNG HERO

You'll never see his name on the billboards, the picture's credit titles or the studio press releases, but Art Miles, so they say, rates as one of Hollywood's real, though unsung, heroes.

About eight years ago, Metro-Goldwyn-Mayer dressed him in a monkey suit for a bit in one of the Taran pictures and Mr. Miles, after weighing all the pros and cons, decided that being a monkey was not such a bad business as the wise-crackers would have you believe.

He decided to become a professional gorilla—the best in all the world.

In San Diego Zoo

And between odd-jobs, for the next five years, he spent a major portion of his time in the San Diego Zoo, just sitting on a bench in front of the huge cage which houses that institution's two gorillas.

He watched their facial contortions, studied their shambling walk, noted the timbre of their voices—and went home to do likewise.

Greatest Authority

To-day he's probably the greatest of all authorities on the habits of a gorilla—and if you doubt the superlative, watch his antics in the Twentieth Century picture "The Gorilla."

After an unusually long scene he's in a state bordering on collapse and must rest for half an hour before struggling back into his costume. Off-hand, we can't think of another actor who "gives" more for his art, and "gives" so anonymously.

ATLANTIC AIR
MAIL STAMPSYANKEE CLIPPER
ISSUE

A special 30 cent stamp has been prepared by the United States Post Office Department for the mail carried on the first flight of the regular transatlantic air mail service.

Blue in colour, it conforms in size and design to the 8 cent domestic air mail stamp of 1934, which shows a winged globe inscribed "U.S. Air Mail," except that the new 30 cent denomination has the further inscription "Trans-Atlantic."

It represents the normal rate for letters carried by the Yankee Clipper from New York to Horta, Lisbon, or Marseilles.

Remarkable Record

There is a remarkable record of the transatlantic flights in the stamps issued in connexion with the pioneer efforts of Hawker, Alcock and Brown, the airship R. 34, De Pinedo, Connor and Boyd, the Dornier flying boat Do-X, and General Balbo's formation flight.

Several of these philatelic souvenirs have risen to high figures in the collectors' market, quite apart from their great historical interest. The solo flight from New York to Paris accomplished by Colonel Lindbergh 12 years ago was also the occasion of a commemorative stamp issue by the United States on his home-coming.

A record of the principal transatlantic flights and the routes followed by them may be found in the design of a \$1 air mail stamp issued by Newfoundland in 1931.

First Woman Professor
For Cambridge: Found
Skull 20,000 Years Old

CAMBRIDGE, WHICH DOES NOT OFFICIALLY RECOGNISE WOMEN AS MEMBERS OF THE UNIVERSITY, on May 6 appointed its first woman professor.

Forty-seven-year-old Miss Dorothy Annie Elizabeth Garrod, of Newnham College, was elected Disney Professor of Archaeology and will succeed Dr. F. H. Minns, of Pembroke College, on October 1.

Miss Garrod has been a member of archaeological expeditions all over the world.

She was awarded the Prix Houdan for the discovery of the Mousterian skull, some 20,000 years old, in a cave at Gibraltar in 1928 and has also excavated in Kurdistan, Mount Carmel in Palestine and Bulgaria.

She was a member of the commission which investigated the finds claimed to be prehistoric in a field at Glozel, France. The commission agreed that their authenticity had not been established.

Her father was the late Sir Archibald Garrod, former Regius Professor of Medicine at Oxford.

CABMAN HITS
BACK

Of the regular customers who tip just so much, a favourite story of the London cabranks is of "A certain famous Foreign Secretary."

His fare was a shilling, and he wanted to give the driver a three-penny tip. He handed him one and sixpence and asked for three-pence change. The driver (genuinely) had no change. Neither had the Foreign Secretary.

F. S. "Well, what are we going to do about it? I can't give you sixpence. It's too much for so short a journey."

C. D. "I'll toss you double or nothing."

F. S. "No, I couldn't do that."

C. D. "But I may never see you again."

C. D. "Give it to the next driver then."

F. S. "No that's not right. It wouldn't be the same as giving it to you."

A long pause of cogitation. "All right, driver, I'll toss you for it." The Foreign Secretary won the toss.

F. S. "Damn it all. I can't do that. You'd better take the sixpence."

BAD CUSTOMERS

At San Remo, Italy, recently some 1,500 German tourists arrived. They were gloomily received by the town's hoteliers and tradespeople. The reason for this was that the tourists had been allowed to take out of Germany only a strictly limited number of marks apiece, and spent most of their time gazing at things they could not afford to buy.

Previously, such unprofitable customers from the other end of the Rome-Berlin axis were more than made up for by British and American tourists, many of whom have now, however, banned Axis countries from their lists.

Wailed a prominent businessman recently: "Most of the better hotels are empty. The people who used to spend money and really helped to make business good do not come here any more. What we need is the British and Americans to come back. We never before realised what good clients they were."

ROTARY CLUB:

SPIRITED PLEA FOR TOWN PLANNING IN HONGKONG: REV. J. R. HIGGS' ADDRESS

A spirited plea for Town Planning in Hongkong, "to make this a City Beautiful—the most beautiful city in every way in the Far East," was made by the Rev. J. R. Higgs, Vicar of St. Andrew's, in the course of a refreshing and knowledgeable talk to the Rotary Club at its weekly tiffin in the Roof Garden of the Hongkong Hotel yesterday.

Rev. Mr. Higgs put forward ten main points for the aesthetic improvement of the Colony, including tree-planting as opposed to tree-felling, a far closer supervision of the erection of advertising signs, the provision of parks and open spaces for the mass of the people, the building of a Kowloon Promenade and the improvement of street names.

The speaker also dealt at some length with the theme of Beauty, urging his listeners to "follow Beauty like the Holy Grail," to be greater than their environment and to rise above the vortex of civilisation, to preserve for themselves and their fellows a living soul, to see Beauty everywhere, to interpret pain and sorrow in terms of beauty, and to see life "as a whimsical and lovely thing."

Major R. D. Walker, M.C. presided, and welcomed visiting Rotarian N. V. Halward of Canton and the following guests:—Messrs. R. P. Sellman (San Francisco), J. Leach (Kwelin), and S. Grove, C. Moore, A. R. F. Raven, N. C. Chan, Yee Kam, S. M. Garrard, Rev. K. Mackenzie-Dow and D. Zung (Hongkong).

The Chairman congratulated Professor Digby on his inclusion in the recent Birthday Honours List.

TOWN PLANNING BOARD

Rev. Mr. Higgs said, in part:—The recent decision of the Government to set up a Town Planning Board must be welcomed by us all as an event of quite major importance for this Colony. A prominent member of this Club, though, remarked to me that the decision is about 50 years too late. (Laughter).

But to begin with I want, if I can, to lift your minds away from a mere consideration of Town Planning, which to many people may sound prosaic and uninteresting, and ask you to consider the matter on a higher and more idealistic level. The advice that Padre Monty gave to Rupert Ray in that delightful book of Ernest Raymond's, "Tell England," was

BENCH HOLDS PROSECUTION MALICIOUS

Complainant To Pay Compensation

An application for leave to appeal to the Full Court, or alternately, to re-open the case before the same magistrate, was rejected by Mr. R. A. D. Forrest at the Central Court yesterday.

The application was made by Mr. D. McCallum at the previous hearing, on behalf of Abdul Gaffoor, Royal Naval Dockyard police officer, following the finding of Mr. Forrest that the prosecution brought by Gaffoor against Zaffer Khan for alleged assault, was a malicious one.

When asked why complainant should not pay compensation to the defendant for malicious prosecution, Mr. McCallum called witnesses to prove that his client had been assaulted and consequently confined to hospital for medical treatment.

Following the evidence heard yesterday, Mr. Forrest re-affirmed his finding that the prosecution was a malicious one and ordered the complainant to pay compensation of \$50 to the defendant.

"Pursue Beauty—like the Holy Grail." Is that, do we think, sound advice in the 20th century? Is the old Arab proverb right which says "If you have two loaves, sell one and buy a lily?" The creative artists would declare that it is. They make it the business of their lives to pursue Beauty.

BEAUTY ESSENTIAL

Beauty is essential to sanity. And all this applies with tremendous force to Hongkong. We live (so we say) in one of the most beautiful cities in the East. But the beauty is not of our making.

Nature has made it so. If the Colony's natural beauty were taken from it would probably be the ugliest place in the East. We live in a fool's paradise. What planning has there been in the past to make this a beautiful city? Practically none. Land and the highest you can get for it seem to be the only things that count.

"HOW BEAUTIFUL," BUT

The visitor looks at Hongkong at night and says "How beautiful!" but he little knows of the appalling ugliness of the slums of Wan-chai or Yaumati—of all the fifth and sixth and seventh and eighth and ninth and tenth and eleventh and twelfth and thirteenth and fourteenth and fifteenth and sixteenth and seventeenth and eighteenth and nineteenth and twentieth and twenty-first and twenty-second and twenty-third and twenty-fourth and twenty-fifth and twenty-sixth and twenty-seventh and twenty-eighth and twenty-ninth and thirtieth and thirty-first and thirty-second and thirty-third and thirty-fourth and thirty-fifth and thirty-sixth and thirty-seventh and thirty-eighth and thirty-ninth and fortieth and forty-first and forty-second and forty-third and forty-fourth and forty-fifth and forty-sixth and forty-seventh and forty-eighth and forty-ninth and fiftieth and fifty-first and fifty-second and fifty-third and fifty-fourth and fifty-fifth and fifty-sixth and fifty-seventh and fifty-eighth and fifty-ninth and sixtieth and sixty-first and sixty-second and sixty-third and sixty-fourth and sixty-fifth and sixty-sixth and sixty-seventh and sixty-eighth and sixty-ninth and seventieth and seventy-first and seventy-second and seventy-third and seventy-fourth and seventy-fifth and seventy-sixth and seventy-seventh and seventy-eighth and seventy-ninth and eightieth and eighty-first and eighty-second and eighty-third and eighty-fourth and eighty-fifth and eighty-sixth and eighty-seventh and eighty-eighth and eighty-ninth and ninetieth and ninety-first and ninety-second and ninety-third and ninety-fourth and ninety-fifth and ninety-sixth and ninety-seventh and ninety-eighth and ninety-ninth and one hundredth.

It is strange that we have failed to benefit by the lesson she would so plainly teach us and deny to our fellows their need of Beauty which is their birthright.

Coming now then from the ideal to the practical but claiming no expert knowledge of Town Planning, let me mention ten points that would help towards the achievement of our ideal. I am fully aware that much of the problem is economic but it is not entirely so.

POINTS IN PLANNING

These are the points: Tree planting. We hear much from time to time about tree felling, especially in Kowloon. It is tree-planting not tree felling that should occupy our attention. It is safe to say that a bold policy of tree planting in all the main residential areas of the Colony would change the face of Hongkong, bringing beauty, health and protection from the sun. Especially would this be true of Kowloon.

A far closer supervision of the erection of advertising signs. No sign should be allowed to be erected that blatantly disregards the principle of beauty. If signs have to be erected, as indeed I suppose they must, then they should be beautiful. Especially perhaps does this apply to night illumination. To my mind, for example, it is a thousand pities that a great firm that sells medicine to cure headaches, etc., should deem it necessary to put up an illuminated sign on the harbour that can well nigh be seen from Shanghai. (Laughter).

Parks and open spaces. The most serious indictment against previous administrations in this Colony is the almost criminal neglect in failing to reserve enough ground for parks and open spaces for the mass of the people. In recent years some attempt has been made to set aside playgrounds for Chinese children but on not nearly large enough scale to meet the requirements.

Fire On Ship In Harbour

LITTLE DAMAGE DONE

Crew's Prompt Work Quells Flames

A fire on board the Norwegian freighter *Utsire*, lying in the harbour at West Point yesterday, which might easily have had serious results, was quelled with comparatively little damage done following a prompt and courageous half-hour battle by the ship's crew.

The *Utsire*, of 4,441 tons, arrived from Calcutta on Sunday and began unloading a cargo of over 5,000 tons of coal for the Hongkong Gas Company. Discharging proceeded smoothly until yesterday morning, when coal was being poured into four junks alongside.

Sudden Outbreak

About 8.20 a.m., fire suddenly broke out in the cabin of Chief Steward E. Mollerhaug under the fore part of the bridge deck on the port side and smoke and flame immediately swirled into the small alley outside. Captain Carl Johnsen and his crew attacked the flames at once.

Doors and ventilators were shut to prevent a draught and the thick portholes were smashed so that water could be poured into the blazing cabin. Choking smoke gushed through the broken portholes, but the men stood their ground.

Charred Mass

Having reduced the Chief steward's cabin to a mass of charred wood and ruined metal, the flames next attacked a passenger's cabin forward.

The forward porthole of the passenger's cabin was smashed and water was poured into the cabin, but not before the ceiling was blackened and blistered and the bunk, a settee, and other fittings had been set on fire.

Flames Spread

The fire in the saloon was checked only when a green curtain veiling the entrance to the Captain's cabin was ablaze and by that time heat, smoke, and water had damaged much of the Captain's property.

The fire fighters, to the number of about 30, worked feverishly, but there was a moment when it seemed that the bridge deck must catch fire.

This danger was finally overcome, but not before there had been many anxious moments.

It was eloquent tribute to the efforts of the Captain and crew that an obviously dangerous fire was put out in little more than half an hour; had it extended to the hot, dry coal cargo it could not have been checked. As it was, no great damage was done and repairs will probably not affect the sailing of the ship, which is expected to leave Hongkong on Friday.

Wallem and Company are the Hongkong agents for the *Utsire*, which is owned by the Norwegian Trygve Eriksen Company, of Haugesund. She is under Norwegian insurance cover.

The cause of the outbreak has not yet been definitely ascertained.

FALSE PRETENCES ALLEGED

Further evidence was heard at the Central Court yesterday when E. D. Sykes, broker, appeared before Mr. R. Edwards on remand charged with obtaining sums of \$1,250 and \$1,000 from the Reliance Motors on March 7 and 14, respectively, by false pretences.

Mr. O. E. C. Marton appeared for the prosecution while Mr. F. H. Loebe was for the defence.

Mr. J. A. Duff, general manager of the Reliance Motors, was again cross-examined by Mr. Loebe. The hearing was adjourned.

PIRATING OF TRADE JUNKS

SEVEN MEN SENT TO PRISON

Seven men were sent to prison by the Chief Justice, Sir Atholl MacGregor, at the Criminal Sessions yesterday for pirating two trading junks within Colony waters.

The men were charged with having robbed Cheung Fo, master of junk No. 3316, of two coats, a blanket and two oars, and Cheung Foon, master of junk No. 1261B, of his boat and a sum of \$7 near Steep Island on May 1.

So Ming, Lam Sum and Tsui Tin, who pleaded guilty when the case was first heard on Monday were sentenced to four years' hard labour on each count, while Wong Shu-ki, Wong Tam-kwai, Leung Wan and Ng On were sentenced to 18 months' hard labour, all sentences to run concurrently.

Mr. John Whyatt, Crown Counsel, prosecuted, assisted by Detective Sub-Inspector R. Cunningham. The jury were:—Messrs. A. C. Tinson (foreman), Cheung Wai-man, D. W. Wagstaffe, J. E. de Sousa, Cheung U-pui, A. R. Razack and Lok Juh-kun.

Obligated To Agree

The fourth, fifth, sixth and seventh accused yesterday pleaded that they were fishermen by trade and that they had been robbed by the other three men and later forced by them to help them in robbing others. Prisoners stated that at first they refused, but were assaulted and were obliged to go with the robbers.

His Lordship pointed out that they were armed, and if they did not wish to take part in robbery they could, after being reinforced by Cheung Foon and the other boatmen, have turned against those who were alleged to have forced them into doing what they did not want to do.

It was bad luck that their boat had been stolen, said His Lordship, but that did not entitle them to go and rob others.

After the jury had returned a verdict of guilty, Mr. Whyatt said that, although there was no criminal record against the men, he was informed that since their arrest there had been no piracies, previously quite frequent, in the region.

ARGUMENT OVER LOAN OF NEWSPAPER

An argument over the loan of a newspaper was alleged to have developed into a fight in which a knife was stated to have been used and two persons wounded.

As a result of the struggle, an unemployed youth, "Chu Yiu," was charged with wounding before Mr. T. J. Houston, at the Central Court yesterday, and was found guilty of the charge.

Leung Ning was the owner of the newspaper and he was reading it when defendant approached him and wanted to borrow it. Leung refused and annoyed with Chu's persistency, he hit Chu with a paper fan. According to him, Chu was alleged to have drawn a knife and wounded him on the head and under his arm.

Mr. Houston found defendant guilty and remarked that there was not sufficient provocation to justify defendant's action.

Chu was remanded until this morning during which time his father will be given the opportunity to discuss the question of compensation with the two injured persons. The term of imprisonment, Mr. Houston said, would depend on the sufficiency of the compensation.

The U. S. S. Chaumont arrived in harbour yesterday.

CHINA WAR IN PICTURES

Two Exhibitions In Hongkong

About 300 war pictures, showing war-time conditions and reconstruction work in China, were shown at an exhibition at the Hongkong Chinese Women's Club, 11, Queen's Road Central yesterday. These pictures were secured from various sources at considerable cost and with great difficulty.

The exhibition will last until 6 p.m. to-day, and the pictures will be forwarded to England and America for exhibition purposes.

At Chinese Y.M.C.A.

Over 200 photographs of the war in China were also exhibited at the Chinese Y.M.C.A., Bridges Street, yesterday. Many of the pictures vividly tell the story of China's heroic struggle for national freedom.

On June 26, these pictures will be exhibited at their Kowloon Branch, Y.M.C.A., Waterloo Road, after which they will be forwarded abroad.

JAPANESE THREAT AGAINST EMPLOYED IN MUNICIPAL SERVICE: SERIOUS DEVELOPMENT IN

Death To Families If Warning Is Disregarded: Census Taken

TIENTSIN, June 20 (Reuter)—The British Municipal Council is confronted with a most serious situation as the result of the Japanese threat made against employees in the Municipal Service, which has been made not only against the Police, but also the clerical staff, many of whom are now seriously thinking of resigning.

The threats include death to their families as one of the possible consequences of disregarding the warning.

It is learned that the Japanese have taken a census of the members and families of all Municipal employees living in the Japanese-controlled area.

Thirty Miles Of Live Wire: 1,700 British Subjects

Much speculation has been aroused regarding the significance of the semi-official announcement that the Japanese military authorities have decided to charge the thirty miles of live wire surrounding the British and French Concessions with 220 volts of current.

It was stated that the measure would take effect at 10 p.m. local time. The wire was installed some months ago and was frequently charged without previous notices.

It is estimated that the approximate number of British subjects in the British Concession at Tientsin is 1,700.

ANGLO-JAPANESE CONVERSATION: RETICENCE ON BOTH SIDES

LONDON, June 20 (Reuter)—The conversation between Mr. Shigemitsu, the Japanese Ambassador in London, and Lord Halifax, the British Foreign Secretary, which took place at the Foreign Office yesterday evening, lasted for one hour. Both sides were reticent as to the result.

U.S. CONCERN: "BROADER ASPECTS"

WASHINGTON, June 20 (Reuter)—Mr. Cordell Hull, U.S. Secretary of State, formally expressed the United States' concern at the "broader aspects" of the developments in Tientsin and revealed that the good offices of the U.S. Consul in Tientsin had been offered for purposes of mediation.

Mr. Hull said: "This Government is not concerned over the original incident in Tientsin relating to the requested delivery of four accused Chinese."

"It is concerned, however, with the nature and significance of the subsequent developments in their broader aspects, coupled with other past and present acts and utterances in other parts of China."

MEDIATION OFFER

"This Government is, therefore, observing, with special interest, all the related developments in China as they occur from day to day."

Mr. Hull explained that American mediation offers only related

to the controversy over the four Chinese and were made before the blockade.

He added that no plans were being made in Washington for the evacuation of American women and children in Tientsin.

American Losses

TIENTSIN, June 21 (Int'l)—American losses in Tientsin owing to the blockade are estimated to be about U.S. \$90,000 so far, and most of the loss is in fur trade.

The German community complain that they are not so well treated by the Japanese as the Americans are and regard this inconvenience as inconsistent with the Japanese-German Axis.

As businessmen, the Americans are encountering the same difficulties as others in getting their Chinese staffs in and out of the Concession, while the movements of merchandise are subject to long delays, if they could be made at all. Several American lorries laden with petrol were stopped, and the Japanese threatened to rip open the tins, but did not carry out this measure.

ITALIAN COMMENT

ROME, June 20 (Reuter)—Most of the Italian newspapers "soft-pedal" the handling of the situation in the Far East.

Of the Rome press, only the "Lavoro Fascista" features the news from Tientsin, heading its front page story with "Old Empire Cracks."

ANGLO-SOVIET NEGOTIATIONS

Difficulties Not Only Confined To Position Of Baltic States

LONDON, June 20 (BWS)—The Prime Minister stated in the House of Commons yesterday that the Anglo-Soviet discussions at Moscow were still proceeding.

Last Thursday afternoon the French and British Ambassadors, accompanied by Mr. Strang, had been received by Mr. Molotov, to whom Sir William Seeds had explained the latest Anglo-French proposals.

A further meeting had taken place on Friday afternoon when Mr. Molotov had communicated to the French and British representatives certain observations of the Soviet Government on these proposals.

Mr. Chamberlain indicated, in a supplementary answer, that the outstanding differences were not confined to the question of the position of the Baltic States.

He was also asked if the instructions to Sir William Seeds were wide enough to obviate reference back to London and replied, "I think that must be determined by how the discussions proceed. It may be that further fresh points may be raised, requiring reference back but I am not aware of any."

RED CROSS WORK IN CHUNGKING

CHUNGKING, June 20 (Central)—The Chungking Branch of the China National Red Cross Society is energetically engaged in medical relief and epidemic prevention in the summer season.

A medical corps is sent out every day to dress wounds and give medical treatment to the refugees. This work will be extended as soon as the medical staff is increased and stress will be laid upon epidemic prevention.

Large quantities of medicine have been distributed in Chungking, Wanshan, Chengtu, Chongqing and other cities, greatly relieving the shortage there.

Dugouts and other air raid shelters in Chungking are inspected and fumigated by medical squads as a precaution against the outbreak of epidemics.

To accommodate wounded refugees a new hospital with 200 beds is being erected in the suburbs of Chungking.

SUICIDE ATTEMPT

A woman, Chan Pok-man, aged 21, was removed to the Queen Mary Hospital last night in a serious condition following an alleged attempt to commit suicide by taking 1500 in Room No. 416, Mee Chow Boarding House, Des Voeux Road Central, about 10 o'clock.

Det-Sgt. E. B. Brooks and a Chinese constable were sent to investigate.

DETENTION OF BRITISH SUBJECTS

LONDON, June 20 (Reuter)—The Government does not recognize the right of the Japanese authorities to arrest, or detain, a British subject in any circumstances, and the Japanese Government has been left in no doubt as to the British Government's attitude in the matter, declared Mr. R.A. Butler, Under-Secretary for Foreign Affairs, in the House of Commons yesterday.

The statement was made in the course of a reply to Capt. A.C. Graham (Con), who had referred to a statement by the Japanese official spokesman in Shanghai, that the Japanese reserve the right to take summary action against any foreigner who, in their opinion, endangers the safety of the Japanese forces in the occupied areas.

Mr. Butler added that Lord Halifax has seen the press reports of the statement.

JAPANESE GOODS BOUGHT

Biggest Commercial Racketeer

LONDON, June 20 (Reuter)—More may be heard in Parliament and elsewhere of an article in the trade journal "Food Industries Weekly" asserting that a number of British firms last week purchased 680,000 cases of Japanese tinned salmon, worth £1,750,000.

The newspaper states that the purchase was made for the accumulation of foodstuffs in Britain. The Department of Food Purchase of the Board of Trade declare that they know nothing about the transaction.

The paper asks why the money was not expended on the hard-hit British fishing industry, instead of going to a nation which has made itself the biggest commercial racketeer in history.

KRAKATAU VOLCANO ACTIVE

BATAVIA, June 20 (T/Ocean)—The volcano on the Krakatau Island, between Java and Sumatra, is showing an increased activity since the last four days.

It is recalled that 36,000 people were killed during the volcano's last eruption in 1883.

The observation guards on the island have been withdrawn and a scientific research expedition has been sent to Krakatau by the Dutch Government.

It is stated, however, that the territory nearest to the island is not in immediate danger.

JAPANESE SEARCH FOR LEGAL TENDER NOTES

LOYANG, June 20 (Central)—The Japanese troops stationed at Tsiaotse, coal mining town on the Taokou-Chinghsia Railway, in North Honan, are conducting house-to-house searches for legal tender notes.

Anyone found possessing such notes is subject to arrest and punishment, and the notes are confiscated. However, in spite of the stringent measures enforced by the Japanese against their circulation, the notes have appreciated in the past days.

CHINESE SERVICE: TIENTSIN

TINKLER INQUEST: CORONER'S VERDICT

SHANGHAI, June 20 (Reuter)—At the inquest on the death of Mr. R. M. Tinkler, who succumbed to injuries received in a clash with Japanese bluejackets recently in Footung, the Coroner returned a verdict of death due to abdominal wounds, and also accelerated by the fact that he did not receive immediate attention.

ANOTHER CATEGORICAL DENIAL

BERLIN, June 20 (Reuter)—A categorical denial of troop movements in Slovakia, Bohemia and Moravia and of the intention to partition Slovakia between the Reich and Hungary is again given by the German press in an inspired statement, declaring that the statements to this effect in the foreign press are regarded in authoritative circles as a well-considered plan, which fits into the general framework of the encirclement policy.

A British Wireless message adds that Mr. Butler informed the House of Commons, in reply to a question, that there has been no recent developments of special significance in Slovakia.

FOOCHOW PARTIALLY SUBMERGED

FOOCHOW, June 20 (Central)—Foochow is partially submerged as a result of heavy downpours in the last four days. The area around the South Gate is under water two feet deep.

The Min River has swollen. In view of its swift currents shipping has been temporarily suspended.

PRESS COMMENTS ON TIENTSIN

Britain Urged To Take Active Steps: What Lord Halifax Told Japanese Ambassador

LONDON, June 20 (Reuter)—During his conversation with Lord Halifax at the Foreign Office yesterday, the Japanese Ambassador in London, Mr. Shigemitsu, was informed of the attitude of the British Government to the general situation in the Far East and was told how much the intransigent and general demands of the Japanese Government were deprecated here, declares the diplomatic correspondent of the "Daily Telegraph."

With regard to the immediate state of affairs in Tientsin, particular emphasis was laid by Lord Halifax on the disapproval with which the Government had received the unhappy news of insults to English women and the totally unnecessary stripplings and searchings of British subjects.

Mr. Chamberlain's Desire In a leader on the subject, the "Daily Telegraph" says that none of the Japanese measures will pass without protest from the British Government, but Mr. Chamberlain made it clear that there is no desire on this side to widen the zone of political tension so long as there remains any real prospect of the central authorities in Tokyo restraining their obviously subordinate at Tientsin.

Before making explicit the economic measures which Britain is prepared to take if necessary, an opportunity is being given to localize the dispute. Unfortunately, there is little sign of any effective restraint being applied in Tientsin and the agitation against Western Powers, instead of being localized, is being spread.

Economic Reprisals The "Manchester Guardian" says that there is no doubt that the responsible leaders of Japan fear the British economic reprisals a good deal more than they care to admit. It is probably true that nothing Britain can do alone would have an immediate effect and it is possible that without co-operation from the United States no economic pressure would be decisive, but British "sanctions" alone would be quite enough to imperil

British Propaganda Move

FUNCTIONS OF NEW PUBLICITY DEPT.

LONDON, June 20 (BWS)—The announcement last Thursday on the setting up of a Foreign Publicity Department at the Foreign Office with the former British Ambassador in Rome, Lord Perth, at its head, gave rise to a number of questions which were answered in the House of Commons yesterday.

It was made clear that as the purpose of the Vansittart Committee, appointed some 18 months ago, was to co-ordinate the work of foreign publicity undertaken by such bodies as the British Council, the British Broadcasting Corporation and the Travel Association and to bring together such Government departments as were concerned in this work, the new department at the Foreign Office would henceforth be responsible for co-ordinating these activities and that accordingly the Department would have the expert advice and assistance of these and other outside organizations in making better known abroad the significant sociological developments and industrial and cultural achievements in Great Britain.

Existing Relations

It was also stated that the existing relations between the British Broadcasting Corporation and the Foreign Office regarding foreign language broadcasts would undergo no change.

Although responsibility for what is broadcast will continue to rest with the B.B.C., it will continue to maintain the closest contact with the Foreign Office and will make full use of the information at the disposal of the Foreign Publicity Department.

Members also showed interest that the department's functions should include giving publicity to the principles of international justice, co-operation and peace to which Great Britain subscribed and Mr. Butler replied with an assurance that none of the causes for which Great Britain stood would be overlooked.

NO SPECIAL ARRANGEMENTS PREMIER TELLS COMMONS OF INDIGNITIES SUFFERED BY BRITONS IN TIENTSIN

LONDON, JUNE 20 (REUTER)—"THE BARRIER OF RESTRICTIONS IN TIENTSIN CONTINUE," SAID MR. NEVILLE CHAMBERLAIN IN THE COURSE OF A STATEMENT WHICH HE MADE YESTERDAY IN THE HOUSE OF COMMONS ON THE FAR EASTERN SITUATION.

All British subjects held up at the barriers had been rigorously searched and in some cases subjected to indignities. The entry of perishable foodstuffs and ice into the Concession had been delayed by this rigid search and entry of these continued to be spasmodic.

Normal supplies were reported to be reaching the markets of the adjoining French Concession.

No special arrangements appeared to be called for as yet, but further information on the subject was being sought from the authorities on the spot.

Mr. Chamberlain mentioned that on the morning of June 10, two British coasting steamers went up the river to Tientsin without stoppage or search, but he said that generally speaking British tugs and lighters had been stopped and searched.

More Protests Protests had been addressed by the Consul-General in Tientsin and the British Ambassador in Tokyo, Sir Robert Craigie, had been instructed to take matters up with the Japanese Government.

The general position was not clear, but it appeared that the original demand for the handing over of the four Chinese had been confused by the introduction of larger issues of general policy.

No formal representations had been received from the Japanese, and it was hoped that a local settlement would be found possible.

Likely Reaction Mr. Chamberlain added: "His Majesty's Government cannot but believe that the Japanese Government share their own desire not to widen the area of disagreement or render more acute an already difficult situation."

"At the same time, they are fully alive to the reactions of the present dispute on the position of other British and International Settlements in China."

Lord Halifax is seeing the Japanese Ambassador to-day and Sir Robert Craigie in Tokyo is endeavouring to clarify the situation there.

"We are maintaining the closest contact with the French and American Governments."

British Offer Replying to Mr. Arthur Henderson (Lab), Mr. Chamberlain said that the British offer regarding the four Chinese suspects still held good.

JAPAN WANTS APOLOGY "INTIMIDATION" BY BRITISH GUNBOAT ALLEGED

TOKYO, June 20 (Reuter)—A vigorous protest has been lodged with the British naval authorities in Shanghai against the alleged action of the British gunboat Scarab in forcibly landing about 150 cases of goods in Wuhou, on the Yangtze.

According to Japanese military headquarters in Nanjing, the Scarab "intimidated" the Japanese officers and men by pointing machine-guns at them.

An apology and guarantees against similar incidents in the future are demanded.

The protest declares that the Scarab violated the undertaking given by the British naval authorities on June 3 that an itemised list of goods would be submitted to the Japanese before the goods were landed at Yangtze ports.

The protest denies the claim which is said to have been put forward by the commander of the Scarab that a list of the goods was submitted to a Japanese army lieutenant.

FEDERATION OF NATIONS

LONDON, June 20 (Reuter)—In the House of Commons yesterday a suggestion was made by the Rev. R.W. Borenstein (Lab) that the Premier should approach President Roosevelt with the object of forming a Federation of Nations and a World Parliament.

Mr. R.A. Butler, Under-Secretary for Foreign Affairs, in reply, declared: "The present circumstances do not seem appropriate for any such initiative."

H.K. TRADE DECREASE

\$1,000,000 Drop In Imports & Exports

A decrease of exactly one million dollars was recorded in the imports and exports of merchandise in Hongkong during the month of May as compared with the same period last year, according to official figures released yesterday.

Imports and exports totalled \$108,395,091, compared with \$109,391,456 in the corresponding month last year.

Although imports last month declined to \$59,113,307 (compared with \$63,285,102 in May, 1938), exports increased from \$49,106,354 to \$49,281,784.

Imports from Japan show a substantial increase—\$3,313,282 as compared with \$2,400,901 in the corresponding period in 1938, while imports from the British Empire itself is declining.

Imports from U.K. Imports from the United Kingdom declined from \$5,377,136 to \$4,309,343, whilst imports from the Dominions and other British possessions declined from \$8,725,537 to \$5,385,689. The total decline in imports from the Empire during May was therefore approximately two and a half million dollars.

Despite the Japanese blockade of China, imports from that country are still being maintained fairly well. Imports during May totalled \$20,173,762, a decline of only \$1,526,054 compared with May, 1938.

HILLWOOD ROAD ROBBERY CASE

Three Men Found Guilty

The trial of the three men who were charged with having assaulted Mr. R. J. Egan and Mrs. Ethel Egan at No. 36C Hillwood Road on May 12 terminated at the Criminal Sessions yesterday before Mr. Justice R. E. Lindsell.

Chung Hung said on Monday that he desired an opportunity to call witnesses to establish an alibi and to testify to his character.

Yesterday, his mother, Chan Hoi, gave evidence but could not say whether her son was in the house either on the morning of the robbery or had slept there the night before. Her son's conduct, she said, was fairly good.

Chung Chien, who had pleaded guilty, bore four previous convictions and was sentenced to three years' hard labour. Chung Hung and Au Hing, who were found guilty, were each sentenced to two and a half years' hard labour. All three prisoners also were ordered to be given eight strokes of the "cat."

Mr. J. B. Prentis, Assistant Crown Solicitor, prosecuted in the case, assisted by Detective Sub-Inspector R. Cunningham. The jury were:—Messrs. A. H. Vaswani (foreman), Cheng Kam-to, Li Lan-sang, Tang Pak-chuen, C. F. de Rozario, Chan Kar-yau and O. el Arculli.

The four men are Stephen Vincent Ward, 27, Arthur David Smith, 21, Alfred Jenkins, 21, and Louis Remer, 22 all of the Middlesex Regiment. They are charged with having entered No. 14, Sum Chun Street, Kowloon, late on Saturday night, gaining admittance to the ground floor when they had posed as police officers. They are accused also of larceny of money from Kwok Chan, a shop loki, Cheng Kam, a licensed hawker, Tsui Fat, a P.W.D. coolie, and Wan Sing, a shipping company coolie. SAMTANI CREMATED

The remains of Kishin Chand Chellaram Samtani, 20 years cremated at Bookimpo yesterday. Samtani, a Sindhi youth, was found drowned on Monday in Tytan Reservoir. He left his home on Thursday last after leaving a farewell note.

Are you sure? I can't believe that all this should have started with a tiny cut on the finger! There must be some way of preventing such awful results... Tell me, what ought I to do?

The smallest cut or scratch is enough for the germs of blood-poisoning to enter. There is only one way to prevent their invasion: they must be killed—at once 'Dettol', the Modern Antiseptic, can be applied immediately. 'Dettol' is gentle and tender on human tissues, non-poisonous and non-staining to the skin—yet death to germs. Your chemist has 'Dettol'.

BRITAIN'S SOLDIER SONS HOW THE NEW ARMIES ARE BEING PUT INTO UNIFORM

From Our Own Correspondent

July 1, the date when the first of Britain's 200,000 militiamen are to be called up for Army service, will mark a milestone in British industrial expansion as well as in military history.

Within the next twelve months the factories of Great Britain will be called on to clothe not only the 200,000 militiamen, but also about 200,000 extra Territorials, at a cost of more than £4,000,000.

Preparations have been made to deal with this influx of new business without interfering with normal clothing needs for the three fighting services, and without slowing down the production of cloth for export or for Britain's 47,000,000 civilians of all ages and both sexes.
The vast woollen mills of Yorkshire, the world-famous cotton

mills of Lancashire, the mass-out-put clothing manufacturers all over the Kingdom, and the great boot-making firms have already mobilised their resources to meet the Army's demands.

Miles of Khaki

About 3,000 miles of khaki, enough to span the Atlantic Ocean, is being made for the new classes of fighting men, and British boot manufacturers are now at work on 1,000,000 pairs of boots to meet the needs of these Forces. The "Service Dress" of each soldier will cost about £10 and consist of:

one cap; two khaki suits; three pairs of woollen socks; two shirts; set of woollen underclothes; pair of boots; and gas equipment.

Priority is being given to the production of this uniform. "Battle Dress" and "Walking-out Dress" will be made while the new Armies are undergoing their training.

Huge Machines

Huge machines fitted with "gullotine" knives can cut out the soldiers' suits to the required shapes and sizes in a continuous operation, and so mechanised has become the manufacture of military shirts that a long strip of cloth goes in at one end of a machine and comes out as a complete shirt at the other.

The whole process takes only 60 seconds, after which the shirt requires only a little hand-trimming before it is ready for the soldier to wear.

At every factory Government inspectors, representing the War Office, are liable to arrive day or night without notice and examine any articles to make sure they are being made to the exact specifications of quality, size, and workmanship which the State demands for her soldier sons.

ROTARY CLUB SPEECH

Continued from Page 7

Demolition. The present Government cannot be held responsible for the sins of the past but it could now consider a policy of demolition in areas where open spaces are necessary for the people's health and where such demolition is practicable. Demolition of houses for parks and open spaces may be unfortunate for the few but it would do untold good to the many, and help to save thousands from tuberculosis and death.

No new property of any kind to be erected that doesn't conform to certain standards of beauty, and no ugly buildings to be erected in the Colony's beauty spots. It has always seemed amazing to me that the Colony's architects have not been able to think out a certain beautiful and distinctive architecture, combining perhaps the best of both the Western and Eastern. Again I am aware of the economic difficulties but beautiful buildings need not necessarily be expensive ones.

Why too, should permission be granted to erect breweries and other buildings in the most beautiful parts of the Colony, or a medieval-looking castle of hybrid growth that transgresses every principle of beauty and suitability in one of the most beautiful bays of the Colony? A Town Planning Board will, no doubt, make such things impossible in the future.

Street washing and cleaning. It is rather humiliating for us to know that this is perhaps the dirtiest city called at by big ships on the sea voyage from England to the Far East.

KOWLOON PROMENADE

A Kowloon Promenade. There can be few places anywhere where there has been such a complete disregard of any sort of Town Planning (except for Nathan Road which is an admirable piece of work), or such refusal to consider the comfort or convenience of the residents, as Kowloon.

But even now it is not too late to do something when that area has ceased to be a Godown as it is at present. Bridges or Crossings could be erected over the railway and, if necessary, a little more reclamation could take place and a promenade built along by the sea. Such a project, if carried out, would make central Kowloon a very desirable living area.

Barracks to be removed from the central areas both in Hongkong and Kowloon. I know this must be done with the permission and good will of the military authorities, but I understand they already see its desirability.

Street Names. Still mindful of my main theme of Beauty, the ugliness of the names of some of our streets must be obvious to many with sensitive minds. To call a road, for example, by the name of Stubbs was, no doubt, a compliment to the popular Governor but scarcely conforming to any criterion of beauty.

A FEW SUGGESTIONS

These then are a few simple suggestions for future Hongkong Town Planning and touching but the fringe of the subject but if any see these words who are the officials concerned, I trust they will take them kindly. I realise it is sometimes easy to talk about these things but very much harder to put them into effect.

In conclusion I would lift your minds again to the idealism of the whole of this subject because it is only as we see that that we shall be enthusiastic about the practical details.

SPEAKER THANKED

In a few witty words, touching upon his references to architects, Mr. G. van Wylick thanked the speaker.

THE REMAINS OF BOURDEZ

KUNMING, June 19 (Central).—The unconfined remains of M. Bourdez, the Dutch conservancy expert who met his death in a surveying mishap in the treacherous waters of the Gold Sand River in west Yunnan last month, are being sent here for shipment to his own country.

M. Bourdez's body was recovered near Sintangwan on May 28, and was identified despite its advanced condition of decomposition by a gold ring on his finger engraved with his initials.

The Ministry of Economy is in charge of all rehabilitation measures of the sad mishap.

GAMBLING DEN OPERATOR SHOT

CHUNGKING, June 19 (Central).—Kao Lan-sheng, a notorious gambler who operates a den in the western districts of Shanghai, was wounded in a shooting affray outside a secluded lane on Swatow Road in Shanghai on the evening of June 17, according to a Shanghai despatch.

Two other persons, one a lawyer by the name of Ching, and the other named Tai, were also wounded, the former seriously. Both Ching and Tai were walking together with Kao.

The assailant gunman made good his escape after the shooting.

Munificence Of Lord Nuffield

PRINCELY SUM FOR SERVICES

Lord Nuffield, whose princely benefactions to education, hospitals, charities, and various youth organisations in recent years have reached the enormous sum of £13,000,000, has added another £150,000 to the total by offering to place in the hands of trustees a million shares in Morris Motors, yielding an income of £105,000 a year, to be devoted to improved facilities for recreation and enjoyment of Militia, Territorials, and other forces.

The gift was made known in a letter from Lord Nuffield to the Secretary of State for War.

Public benefactions by Lord Nuffield in the last twelve years, including the above gift, amount to about £14,650,000.

A sum of over £40,000 has been raised by the Shanghai Ningpo Residents Guild for the relief of refugees in Ningpo. Of this amount, \$15,000 has been sent to Ningpo. The guild is campaigning for a maximum sum of \$50,000.

SHANGHAI'S TRADE IMPROVES

SHANGHAI, June 20 (T/Ocean)
—The position of Shanghai with
regard to the Chinese trade
finance was reviewed by the finan-
cial editor of the "Shin Wan Pao"
on Monday, who declares that
again a considerable proportion of
Chinese capital had flown into
Shanghai.

Formerly Shanghai had always
been the financial centre of China
but shortly after the outbreak of
the hostilities much capital has
been transferred into the interior
of the country. Now, however,
funds accumulated since more in
Shanghai to such an extent that
the Chinese banks are unable to
find profitable investments for the
deposits.

New Markets

All banks are, therefore, trying
to find new markets and a group
of twelve banks, including the
four biggest banks of the city,
opened branch offices in Kumping
in the endeavour to develop the
business of the south-western
provinces.

In this connection, the writer
recalls the Government regula-
tions with regard to transfer of
money which partly has been de-
vised to relieve the congestion of
Shanghai, but which partly, on the
other hand, was responsible for it.

Thus, it is forbidden to transfer
more than 100 dollars at a time
from the interior country to
Shanghai, but, on the other hand,
it is also forbidden to transfer
more than 500 dollars from Shang-
hai into the interior without a
special permit.

SHANGHAI'S
TRADE
IMPROVES

SHANGHAI, June 20 (T/Ocean)—
The position of Shanghai with
regard to the Chinese trade
finance was reviewed by the finan-
cial editor of the "Shi Wan Pao"
on Monday, who declared that
again a considerable proportion of
Chinese capital had flown into
Shanghai.

Formerly Shanghai had always
been the financial centre of China,
but shortly after the outbreak of
the hostilities much capital has
been transferred into the interior
of the country. Now, however,
funds accumulated since more in
Shanghai to such an extent that
the Chinese banks are unable to
find profitable investments for the
deposits.

New Markets

All banks are, therefore, trying
to find new markets and a group
of twelve banks, including the
four biggest banks of the city,
opened branch offices in Kunming
in the endeavour to develop the
business of the south-western
provinces.

In this connection, the writer
recalls the Government regula-
tions with regard to transfer of
money which partly has been de-
vised to relieve the congestion of
Shanghai, but which partly, on the
other hand, was responsible for it.

Thus, it is forbidden to transfer
more than 100 dollars at a time
from the interior country to
Shanghai, but, on the other hand,
it is also forbidden to transfer
more than 500 dollars from Shang-
hai into the interior without a
special permit.

LARGEST HEROIN PILL FACTORY

RECORD SEIZURE BY
REVENUE OFFICERSThree Men, Two Women
Get Five Years Each

REVENUE OFFICERS LAST MONTH BROKE UP THE LARGEST HEROIN PILL FACTORY THAT EVER EXISTED IN HONGKONG; PILLS AND INGREDIENTS SUFFICIENT IN ALL TO PRODUCE OVER A MILLION PILLS WERE SEIZED. At the Criminal Sessions yesterday, before the Chief Justice, Sir Atholl MacGregor, five persons, who were found during the raid, were charged with possession of dangerous drugs and were each sentenced to five years' hard labour.

The prosecution was conducted by Mr. John Whyatt, Crown Counsel, assisted by Acting Chief Preventive Officer A. W. Grimmitt, and Mr. D. J. N. Anderson, instructed by Mr. M. A. da Silva, was for the defence. The jury comprised:—Messrs. G. Duncan, J.R. (foreman), Chan Kam-shing, W. H. Peters, R. C. F. Macgregor, J. F. Jeacock, Ku Kar-ming and J. Kirwen.

A plea of guilty was entered on behalf of Wong Kwong and Li An, woman, by Mr. Anderson. The other three prisoners, Yu Yue, Chu Wat and Ho Yung, also a woman, pleaded not guilty.

Mr. Whyatt said that the quantity of drugs seized in the raid constituted a record in seizures in the history of the Imports and Exports Department. A total of 58,200 pills in the process of drying was found, as well as 935 ounces of pink mass, sufficient to make 93,600 pills, and 48 ounces of crude heroin, which were enough to 960,000 pills.

Acting Chief Preventive Officer Grimmitt and Senior Revenue Officer Ward, said Mr. Whyatt, were responsible for the discovery.

As the result of information, these two officers, accompanied by a party of Chinese Revenue Officers, went by launch to Tai Yu Bay, north-east of Lantau Island on May 17. The place was not easily accessible and was several miles away from any signs of human habitation.

Landing at 7 a.m., they searched a marsh about 50 yards from shore but found it deserted. Mr. Grimmitt, however, noticed what appeared to be the roof of another marsh a little way up the hill and, leaving Mr. Ward and the party, crept up to the place.

He recognised the odour of heroin pills drying within 15 yards from the place. Dashing in with his revolver drawn, he saw the fifth defendant, Ho Yung, standing inside the doorway and several people working at the back of the shed.

There was a table on which were laid out the paraphernalia for making heroin pills, and round it sat the other four defendants and a child, who was said to be Ho Yung's grandson.

HANDS STAINED

The hands of the five persons were later examined and second and fourth defendants' hands were found to be very badly stained by the pink substance. Fifth defendant's hands were quite clean.

Acting C. P. O. Grimmitt and Senior R. O. Ward gave corroborative evidence, after which Mr. H. A. Taylor, Government Monopoly Analyst, said that he had never come across such a large number of pills in a pill factory, though previous cases had approached the million mark.

In the witness-box, Yu Yue said he was a baker by trade and had come to Hongkong from Hoping, via Macao, the day before his arrest. Lung Chi, a friend of his, had promised him in Macao that he would give him a job in a medicine pill business. Witness was to receive \$10 a month in wages.

Coming to the Colony, witness said he was taken by Lung Chi in a sampan to the spot where the marshes were located. Lung Chi's brother, Leung Hung, also accompanied them, as well as fifth defendant, Ho Yung, and the child. Arriving there, Leung Hung took out the powders and other things and taught him how to go about his work.

NEVER SEEN PILLS

Cross-examined, witness said he had never heard of nor seen heroin pills before, and that he first learned of the words at Stanley Prison where he was detained prior to the trial.

Mr. Whyatt: "Why didn't you mention in your statement that—"

"Yes. Why did you want to leave?—I was feeling lonesome. But you had been there less than 24 hours?—As soon as I had

a look at the surroundings, I resolved to go away. But I could not go as Leung Chi would not let me leave till I had helped to finish the pills for him.

NOT ALLOWED TO GO

Witness said Leung Chi left by boat on May 16, and Leung Hung had gone out to buy food when the Revenue Officers arrived next morning. Asked why he did not leave with Leung Hung, witness said the elder brother had stopped him and he thought the younger also would not allow him to go. Witness also said he did not know if Leung Hung left by boat or on foot.

Chu Wat, fourth prisoner, stated he was a carpenter and went to the place to finish some work which Leung Hung had engaged him to do. He said that he was watching the others work and playing with a length of pink mass when the place was raided.

The woman, Ho Yung, said Leung Chi had offered her work and she had been taken out to the place to help with the cooking and washing. She did not know it was a heroin pill factory.

The jury retired for 15 minutes and returned verdicts of guilty in respect of all three prisoners.

ASTRONOMICAL QUANTITY

Before passing sentence, His Lordship said that the case, which concerned such an astronomical quantity of heroin, was one of the most serious to have come before the Court. He was quite prepared to postpone sentence to allow prisoners to give assistance, if they so chose, to the police in tracing those who were at the back of the abominable and pernicious traffic, as it was clear that none of the accused had the capital to embark on such a large pill factory.

Prisoners did not avail themselves of the offer, and His Lordship then passed sentence as stated.

DRUG SMUGGLER ARRESTED

PARIS, June 20 (T/Ocean)—Shortly after the sensational case of the American Rabbi Abraham Leifer, ringleader of an international drug smuggling gang, the French secret police succeeded in arresting on Monday another drug smuggler, the 29-year-old Jew, Abraham Cohen, when he attempted to sell heroin to a "customer" in the Rue des Pyramides.

The police believe that Cohen did not act single handed but was the head of a large organization with branches in various countries.

While Leifer had hidden the narcotics in his talmud, Cohen used sandbags of French air raid precaution as hiding place.

Sheik Accused On Charge
Of Incitement To Murder
Grand Mufti Of Algiers

PARIS, JUNE 20 (T/Ocean)—THE TRIAL OF THE LEADER OF THE ARAB NATIONALIST ORGANIZATION, "CERCLE DU PROGRES" IN ALGERS, SHEIK EL-ABI, accused of incitement to murder the Grand Mufti of Algiers, Bendali Amor Mahimoud, will start to-day in Algiers.

The trial, which is watched by the entire Arab world with the greatest interest, has a highly political background.

The Grand Mufti was stabbed to death in August, 1936, by an Arab, named Akacha, in one of the most crowded thoroughfares of the native city of Algiers while one of Akacha's three accomplices asked the Mufti for his blessing.

The Mufti had been rather unpopular among the Arabs for his pro-French attitude, especially after the Spring of 1936 when Sheikh El-Obi was going to Paris to submit on behalf of his organization the Arab demands to the French Government. The Grand Mufti had sent a telegram to the French Government disavowing Sheikh El-Obi.

Akacha and his accomplices, after their arrest, were asserted to have been instigated by El-Obi and Akacha even stated to have been promised 30,000 francs by the Sheik.
